- I passed both the Math and English sections of the PARCC or the equivalent alternative tests
- I am a senior and currently enrolled in the Portfolio class for English and/or Math Lab IV

Note: Scheduling a school the size of NBTHS is a complicated process with many variables. School Counselors and the Guidance Dept. staff strive to give students their best possible schedule. Class availability and state requirements create restrictions that have an effect on student schedules. Please assist the NBTHS Guidance Dept. by actively participating in the scheduling process and being mindful of state requirements.
